

The Work Number®

› Verified Employment and Income Information

Rapid. Authentic. Complete.

The largest and fastest central source for employer direct employment and income information and government direct tax transcripts and identity authentication. The Work Number allows you to close business faster, reduce expenses and prevent fraud.

Your Complete Verification Solution.

Verifying a consumer's information takes time. It takes time to track down his or her employer or tax filings; time to contact these sources and wait for a response to ensure the information is valid; time you could use to obtain the rest of the information needed to complete the application. You need a third party to validate consumer information that moves just as fast as your industry and provides you with data that is authentic, current and actionable. You need The Work Number®.

What is The Work Number?

A Unique Source of Information

Authentic. Relevant. Accessible.

Authentic Records in Record Time.

To provide you with the most comprehensive solution, The Work Number delivers the information you need with rapid results and complete coverage. Use employer direct data in tandem with government direct data from The Work Number to get a complete picture of your customer's employment status & income level.

Rapid Results

Simply log in to your account and enter the customer information you need to verify – The Work Number will immediately search for your employment or income request from over **190** million employment records. Over 1,950 employers, from Fortune 500 corporations to regional businesses to government agencies, provide data to The Work Number. In fact, 30% of the U.S. workforce can be validated instantly, and new records are added each day. Most importantly, all data comes direct from employers each pay period, so employment data is authentic and current.

Targeted Research

If a customer's employment data is not instantly available, The Work Number will connect with their employer and obtain an employment or income verification, allowing you to considerably reduce your time and labor costs. The result: 60% of verifications are completed within one business day and 87% are completed within five!

Complete Coverage

Our government direct data completes the picture on your customer. Whether you need to fulfill a 4506-T request for an IRS tax transcript or authenticate identity with the SSA, we have a solution for you. Our relationship with these government entities allows us to offer you the fastest turnaround time in the industry.

How Do You Get Access?

The Work Number is an automated service that is easy to use.

We offer four methods of access and delivery:

- Web – A secure, convenient way to access data with a registered user ID and password.
- Batch – Information is transferred directly from you and to you, by batch, according to a schedule that fits your needs.
- Integration – Customized data delivery designed by our experts to seamlessly integrate with your existing system.
- Phone – An audio option available anytime, anywhere with a touch tone phone.

No matter how you access The Work Number, we are secure. We employ practices and procedures consistent with the Fair Credit Reporting Act and have quality checks and balances to keep all of your information secure.

A Single Source. Hundreds of Uses.

Consumer finance, pre-employment screening, mortgage and government services are just a few of the industries that use The Work Number to speed up verifications, reduce costs and mitigate risk. And within each industry served, there are multiple uses. The mortgage industry, for example, verifies information during origination, account management, refinancing, loan modification, quality control and loan default. Imagine the multiple uses in your own organization and how you will benefit.

No matter your industry, your business, or whose information needs to be verified, The Work Number delivers the verifications you need.
